The Hoppers have been backsliding for the past week. It is hoped that they have not entirely fallen from grace. With that bombastic spurt into the lead at the start it will be bad if Bill Schwartz and his bunch can't find their bearings and work their way back up again where they rightfully belong. Jonnard and Springfield, the two stellar Hoptown slabsters, both got bitter medicine at Madisonville. Another rejuvenation might help.

Mayfield Boy.

A young man named Lacy Godfrey, who left his home at Mayfield to join a carnival company, was drowned in the Ohio river at New Albany, last week.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
